CHAIRMAN MESSAGE

“ From the beginning of our establishment in 2014, we have been highly successful in executing engineering projects. Our team offers a complete and diverse set of engineering services with an emphasis that has been and will continue to be on quality, project budget, health and safety of our workers, and the environment. Our experienced Technical and Management staff permit us to offer organizations an opportunity to benefit from our engineering techniques and project management methodologies.

Mr. Badar Salim Said Hamed Al Rubaiei | Chairman

GENERAL MANAGER MESSAGE

“ As I reflect upon our journey at PSI, I am filled with immense pride and gratitude. What started as a vision has transformed into a legacy of excellence, innovation, and unwavering commitment. Over the past decade, we have navigated the dynamic terrains of the construction and engineering sector, consistently pushing the boundaries of what's possible. The world around us is constantly evolving, and so are the challenges and opportunities it presents. At PSI, we see these not as hurdles but as stepping stones towards a brighter, more sustainable future. Our commitment to innovation, sustainability, and excellence ensures that we remain at the forefront, ready to shape the future of construction and engineering.

Mr. Muhammad Shoib Munir | General Manager

HEAD OPERATIONS MESSAGE

“ Our vision and commitment to delivering quality products and services is fundamental to how we approach our projects and has significantly contributed to the growth of our business. We clearly recognize that our success has been achieved through the outstanding contribution from every member of our professional, experienced and motivated Team. We are determined to drive the expansion and diversity of our services to provide a truly comprehensive offering to our clients

Balqis Ali Al Zadjali | Head Operations & Projects

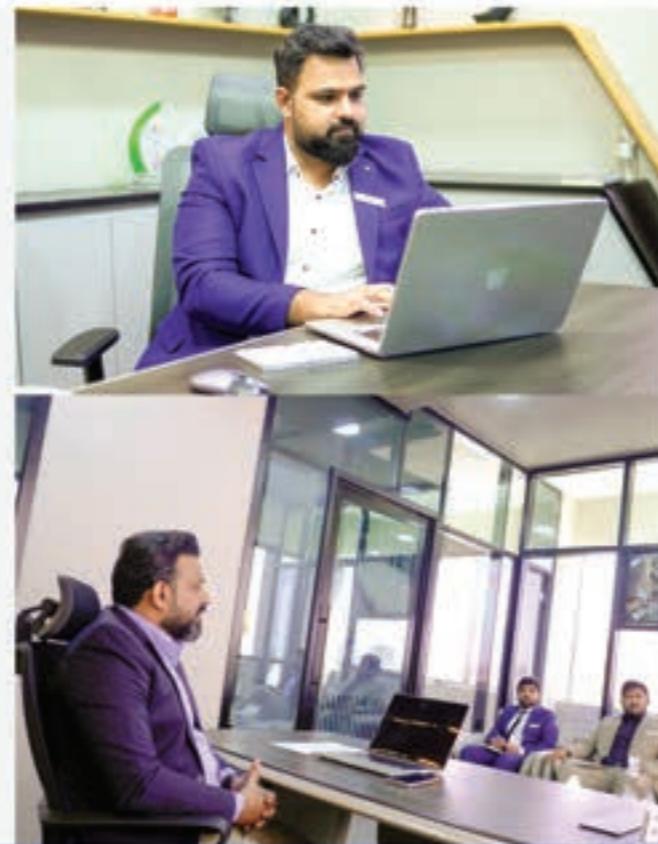

BUSINESS VALUES >>

1

MISSION

Continuously providing sustainable MEP technical solutions and construction services with the fastest execution, while always ensuring safety and quality according to local and international standards to bring peace of mind and satisfaction to clients. PSI contributes to the improvement of production and business efficiency and ensures comfort, well-being, and safety for the end-users.

BUSINESS ETHICS

Honesty - Dedication

2

VISION

To become the leading, reliable MEP contractor providing sustainable solutions from simple to complex design, installation, and maintenance services in Oman and the Middle East region.

3

CORE VALUES

ENGINEERING EXCELLENCE

Continuously improving by augmenting our understanding of our client's requirements. Integrated multi-disciplinary services involving Civil, Power Generation, Electrical T&D, MEP, Telecom, ELV Electrical Protection, HVAC, Testing & Commissioning.

PROACTIVENESS

Constantly preparing and proactively seeking the best solutions to any challenge. Continuous improvement empowers us to grow in order to exceed clients' satisfaction.

COOPERATION

Being open-minded and expressing ourselves clearly in communication, always listening and comprehending. Willing to exchange information, and ideas, and assist each other to grow.

COMMITMENT

Committing to fulfill our promises and accompanying clients and partners to the success.

INTEGRITY

Keeping honesty in communication and at work. Forbidding to conceal the truth or to do bribery and embezzlement in any manner.

BUSINESS ACTIVITIES >>

Precision Skills International LLC (PSI) is a leading engineering company established in 2014 in Oman, specializing in MEP, Civil, Power Generation, RO Plants, Electrical Transmission & Distribution, and equipment supply and trade. Known for its innovative engineering solutions, PSI leverages strong research and development capabilities to effectively tackle engineering challenges with precise and cost-effective results.

The company's commitment to its core values has enabled it to successfully complete diverse EPC projects, satisfying clients across various disciplines. PSI's strength lies in its skilled team of Omani and expatriate engineers and technicians, who are dedicated to transforming project challenges into significant achievements.

Grace "C"**

SAFETY & QUALITY PERFORMANCE REWARDS

In every project, quality & safety are our prioritized commitments in order to maintain the project realization as promised. After the project handover, we are always honored to receive incentives from clients as an acknowledgment of our accomplishments during the project period.

SCOPE OF BUSINESS

Business Divisions IN A NUTSHELL >>

MEP DIVISION

With more than a decade of growth and experience, PSI provides complete installation, commissioning and maintenance services for mechanical, electrical, plumbing and firefighting systems of various projects across Oman, implemented by our in-house engineering and construction resources.

FACILITY MANAGEMENT DIVISION

PSI provides preventive and reparative maintenance by trained engineers to ensure the system's maximum continuous efficiency, in line with our dedication to high standards and expectancy. Our operation and maintenance team of engineers and technicians ensures the error free maintenance work 24/7 in all seasons.

TRADING DIVISION

Our trading division serves various industries in Oman and all over the GCC with a wide range of products and spares for MEP, Electromechanical, HVAC, Civil, and industrial tools and machinery. We always ensure our best customer service by all means.

CIVIL DIVISION

In different phases, from design concept to construction drawings, PSI has become expert in providing high quality civil structural engineering services by our well-trained and highly experienced engineers. We also feel proud to play our part in the development of modern Oman with its advanced infrastructure.

FABRICATION & WORKSHOP

PSI serves with the fabrication services in steel and aluminum works to various sectors according to the requirements and nature of projects. Our fabrication workshop is equipped with a complete range of fabrication and welding solutions with all the modern industrial, commercial, and engineering techniques.

LOGISTICS & TRANSPORT DIVISION

We provide complete logistics solutions across Oman and the GCC in the field of equipment rental, logistic services & transportation. Our clients are confident to lock every logistics and transportation deal with their consumers as they are backed by the team of intellectuals of PSI logistics.

MEP DIVISION PROJECTS & MAINTENANCE >>

Mechanical, Electrical & Plumbing (MEP)

This division was established as a major player in executing prestigious commercial, industrial, residential and institutional projects for government and private clients. A team of dedicated engineers and technicians are geared to execute installation, testing & commissioning of HVAC, Plumbing, Drainage, LV Fire Alarm & Fire Fighting Systems. The in-house electrical & mechanical design department and the In-house HVAC design & execution team provides us an advantage. Our HVAC services include installation of Chilled water systems, AHUs, FAHUs, FCUs, all kinds of package units, VRV/VRF and split units.

Some of the division's prestigious projects are:

- HVAC Installation in Ministry of Defence
- Electrical fixture at MOD Thumrait
- Annual MEP contract with Wusta Ministry of Water
- HVAC and SS gas pipe line Installation at chemical laboratory Ray International store Muscat
- Water connection and drainage solution at Sur & Buraimi
- Warehouse facilities in Haima, Wusta Region
- Ministry of Health oxygen Refurbishment Project

Major Capabilities

- Internal and External electrical and plumbing works in institutional, industrial, residential & commercial buildings
- Fire Alarm & Fire Fighting System.
- Package units, ducting and thermostat controls
- Ducted, split unit installation, Chiller AHU and FHU
- VRV & VRF systems
- Dehumidifier & ducting systems
- Complete solution for water connection
- Complete solution for soil and drainage
- Medical Gas and Vacuum System
- Supply & installation of Generators
- Supply & Installation of UPS
- Providing innovative solutions
- AMF panel, Medium voltage panel
- Control panel and distribution panel installation

Design and Engineering:

Our journey begins with thoughtful MEP design and meticulous engineering. Our team of experts collaborates to craft MEP solutions that are efficient and compliant to standards and regulations.

Installation and Commissioning:

Installation is the heartbeat of any MEP system. Our skilled engineers and technicians ensure that every piece falls seamlessly into place. We go a step further with commissioning by making sure that everything is calibrated to perfection and ready to function at its peak.

Maintenance and Repairs:

Our commitment goes beyond installation. We stay by your side, offering continuous maintenance and swift repairs to keep your MEP systems not just operational, but in pristine condition, extending their lifespan and performance.

Energy Efficiency Solutions:

In a world that increasingly values sustainability, our energy-efficient solutions make a significant impact. From HVAC systems to lighting solutions that reduce energy consumption, we help you curb your environmental footprint while saving on operational costs.

Air Quality & Ventilation Systems:

We understand that clean air and a comfortable indoor environment are essential. Our expertise extends to designing, installing, and maintaining ventilation and air quality systems to ensure that your spaces are healthy and pleasant.

Plumbing and Sanitary Systems:

From residential to industrial applications, we offer comprehensive plumbing and sanitary system solutions. Our systems are not just about functionality but also about durability and reliability.

MEP DIVISION

PROJECTS & MAINTENANCE >>

Electrical Services: (Full Scale Solutions)

We provide complete internal and external electrical installations for institutional, industrial, residential, and commercial buildings. Our expertise spans from power distribution and lighting systems to structured cabling, emergency power solutions, all designs for safety, efficiency, and compliance with international standards.

HVAC & Mechanical Services:

We specialize in advanced HVAC solutions, including ducted split unit installation, chiller systems (AHUs & FHWs), and VRV/VRF systems. Our expert team ensures precise design, installation, and maintenance to maximize energy efficiency, indoor comfort, and system longevity—tailored for residential, commercial, and industrial projects.

Comprehensive HVAC Solutions:

We deliver end-to-end HVAC systems, including package units, precision ducting installations, and smart thermostat controls for seamless climate management. Our services ensure energy-efficient, high-performance solutions tailored to residential, commercial, and industrial needs.

Fire Protection Systems:

Safety is non-negotiable. We specialize in designing and installing fire protection systems encompassing fire alarms, sprinklers, and suppression systems. With our solutions, you're not just compliant; you're secure.

Safety Systems:

Hazardous materials require extra care. We provide safety solutions, from gas detection to emergency lighting and safety cabinets, to ensure that your materials are stored and handled safely.

Medical Gas & Vacuum Systems:

We design, install, and certify medical gas pipelines (oxygen, nitrous oxide, medical air) and vacuum systems for hospitals, clinics, and healthcare facilities across Oman. Our turnkey solutions comply with ISO standards, ensuring patient safety and system reliability with 24/7 expert maintenance ensuring uninterrupted critical care operations.

Uninterrupted Power Solutions:

We specialize in end-to-end generator and UPS system installations, ensuring seamless backup power for healthcare, industrial, and commercial facilities. Our solutions guarantee zero downtime for critical operations, from life-saving medical equipment to data centers.

Generators:

Supply & installation of diesel, gas, and silent canopy generators (10 KVA to 2500 KVA)

Prime/standby power solutions with ATS integration

Sound attenuation & exhaust treatment for compliance

UPS Systems:

Online, line-interactive, and modular UPS installations

Lithium-ion & VRLA battery backup solutions

Scalable systems for IT, OT, and medical infrastructure

Precision Power Control Solutions:

We design, supply, and install customized control panels & distribution boards for industrial, commercial, and institutional facilities. Our engineered solutions ensure safe, efficient, and intelligent power management tailored to your operational needs.

Soil and Drainage:

Our expertise ensures seamless water supply networks, efficient wastewater management, and flood-resistant drainage solutions tailored to your terrain. Whether tackling stormwater runoff, groundwater seepage, or municipal water linkage, our team guarantees reliable, cost-effective systems that protect properties and optimize water flow every time.

List of Completed Projects

MEP LIST OF COMPLETED PROJECTS IN PAST YEARS			
SR NO.	CONTRACT DETAIL	MINISTRY/ENTITY	COMPLETED YEAR
1	ELECTRICAL WORKS FOR TRANSFORMER, ELECTRICAL PANELS, CABLES AND PUMPS AND CONTROL CABLES FOR 33KVA SUBSTATION IN WADI BANI AWF	OMAN ELECTRICITY TRANSMISSION COMPANY	2021
2	UPC WORKSHOP POWER SUPPLY ARRANGEMENT AND EXPLOSION-PROOF SOCKETS, PANELS & CONTROL SYSTEM INSTALLATION & COMMISSIONING	OO PLASTIC LLC	2022
3	RETROFITTING OF OBSOLETE PANELS AND BREAKERS AT SUR HOSPITAL	MINISTRY OF HEALTH	2021
4	INSTALLATION & COMMISSIONING OF 110V DC BATTERY CHARGER SYSTEM IN NORTH SHARQIYAH MAZOUN SUBSTATION IN SAMAD AL SHAN	MAZOUN ELECTRICITY COMPANY	2022
5	REPLACEMENT OF 415V LVAC BOARD AND ESSENTIAL PANEL IN MAWALLEH GRID STATION	OMAN ELECTRICITY TRANSMISSION COMPANY OETC	2022
6	ELECTRICAL & MAINTENANCE WORKS FOR 400KW CHILLER UNITS IN KHAULA HOSPITAL	MINISTRY OF HEALTH	2023
7	MEP WORKS IN BOUSHAR BLOOD BANK	NATIONAL PHARMACY LLC	2022
8	SUPPLY AND INSTALLATION OF HIGH MAST POLES & LIGHTS IN DUQUM PORT	OMAN DRY DOCK COMPANY	2023
9	SECOND 11 KVA FEEDER POWER SUPPLY ARRANGEMENT IN OO REFINERY SOHAR	OO AROMATICS	2023
10	LAYING OF IRRIGATION NETWORK AT SALLAN ROUNDABOUT SOHAR INCLUDING HDPE PIPE LINE, BORE WELL & SUBMERSIBLE PUMPS	NORTH AL BATINAH	2022
11	SUPPLY AND INSTALLATION OF 500KVA GENSET INCLUDING CONSTRUCTION OF GENERATOR AND ELECTRICAL ROOM, TESTING & COMMISSIONING	MINISTRY OF HEALTH	2025
12	SUPPLY AND INSTALLATION OF CORRODED CONDUIT IN SEMPCORP PLANT	SEMCORP SALAH	2021
13	REPLACEMENT OF EXISTING HIGH BAY INDOOR LIGHTING FIXTURES	OO METHANOL LLC	2022
14	REPAIR OF HDPE PIPE FOR MAIN WATER TANK FOR KHALILA HOSPITAL	MINISTRY OF HEALTH	2023
15	DFT 11KV TRANSFORMERS & SUBSTATION REPAIR, RECTIFICATION, TESTING & COMMISSIONING	DUQUM DEVELOPMENT COMPANY	2023
16	INSTALLATION, TESTING & COMMISSIONING OF 120 KVA UPS IN KHAULA HOSPITAL	MINISTRY OF HEALTH	2020
17	INSTALLATION, TESTING & COMMISSIONING OF 136 KVA GENERATOR IN WATTAYA POLYCLINIC	MINISTRY OF HEALTH	2020
18	RETROFITTING OF OBSOLETE PANELS AND BREAKERS AT IBRA HOSPITAL	MINISTRY OF HEALTH	2023
19	SUPPLY AND INSTALLATION TESTING & COMMISSIONING OF EMERGENCY POWER SUPPLY	MINISTRY OF HEALTH	2019
20	PLUMBING AND ELECTRICAL WORKS FOR NEW CLUB HOUSE, MD VILLAS AND DIRECTOR VILLAS AT PDO QURUM	GOLDEN SAIF PDO AL HAMRA MUSCAT	2023
21	RO PLANT HDPE PIPE LINES WORKS, SUPPLY & INSTALLATION	ROYAL OMAN POLICE	2020
22	SUPPLY & INSTALLATION OF FCU AT IDF ROOMS IN MHRI	MINISTRY OF HIGHER EDUCATION RESEARCH & INNOVATION	2023

23	REPLACEMENT OF OUTDATED MAIN DISTRIBUTION BOARD (FORM-4) INCLUDING TESTING & COMMISSIONING	MINISTRY OF HEALTH	2022
24	CONSTRUCTION OF VARIOUS BUILDING AT SURFAIT CAMP	WARA CONSTRUCTION CO LLC/MINISTRY OF DEFENCE	2025
25	MEP WORKS FOR CONSTRUCTION OF PAINT SHOP, CHILLER COMPOUND , MAINTENANCE OF BOMB DUMP AND HARD AIRCRAFT SHELTER DRA 1&2 AT F16 AIR BASE AT RAFO THUMRAIT	WARA CONSTRUCTION CO LLC	2018
26	CONSTRUCTION OF JETTY CONTROL ROOM INCLUDING MEP WORKS AT PORT OF SALALAH	WARA CONSTRUCTION CO LLC	2018
27	INTERCONNECTION OF TWO 11KV BUSES , BUS COUPLER PANEL AT NOMAC POWER PLANT FOR GT11& GT12	NOMAC OMAN	2019
28	INSTALLATION OF LOAD BANK AT FERSHAT QATBEET POWER STATION	RAEKO/TANWEER	2020
29	COMPLETE WORKS FOR TRANSFORMER, ELECTRICAL PANELS, CABLES, PUMPS AND CONTROL CABLES	OMAN ELECTRICITY TRANSMISSION COMPANY	2022
30	INSTALLATION OF 30V DC BATTERY CHARGER SYSTEM IN NORTH SHARQIYAH MAZOUN SUBSTATION IN SAMAD AL SHAN	MAZOUN ELECTRICITY COMPANY	2022
31	SUPPLYING, INSTALLING, TESTING HVAC PACKAGE UNIT FOR VFD SWGR AT MAJIS INDUSTRIAL SERVICES SAOC (MAJIS) RO PLANT	MAJIS INDUSTRIAL SERVICES SAOC	2022
32	INSTALLATION OF CCU UNIT FOR CETERAL SERVER ROOM IN MINISTRY HEAD QUARTER	MINISTRY OF HOUSING & URBAN PLANNING	2024
33	PDO RAS AL HAMRA DEVELOPMENT PROJECT	GOLDEN SAIF	2023
34	SUPPLY & INSTALLATION OF APPROVED AIR COOLED PACKAGE	MINISTRY OF HEALTH	2022
35	SUPPLY AND FIXING OF 12 NOS MORTUARY REFRIGERATOR IN KHAULA HOSPITAL	MINISTRY OF HEALTH	2024
36	SUPPLY AND FIXING OF 6 BODY MORTUARY REFRIGERATOR IN KHAULA HOSPITAL	MINISTRY OF HEALTH	2025
37	MEP WORKS FOR MAIN PLUMPING STATION AND ASSOCIATED BUILDING AT SALALAH SANITARY AND DRAINAGE COMPANY /NAMA SERVICES	ONEIC	2022
38	SUPPLY & INSTALLATION OF ELECTRICAL GENERATOR 500KVA GENERATOR, AMF PANEL WORK AT WADI BANI AUF HEALTH CENTER AT AL BATINAH SOUTH, OMAN	MINISTRY OF HEALTH	2025
39	SUPPLY & INSTALLATION OF ELECTRICAL GENERATOR 750KVA GENERATOR, AMF PANEL WORK AT BANJU JALAN HEALTH CENTER	MINISTRY OF HEALTH	2025
40	SUPPLY & INSTALLATION OF ELECTRICAL GENERATOR 650KVA GENERATOR, AMF PANEL WORK AT BUKHA HOSPITAL	MINISTRY OF HEALTH	2022
41	ENGINEERING, PROCUREMENT AND CONSTRUCTION WORKS WITH INSTALLATION OF PERMANENT UTILITIES AT REFINERY FIELD OFFICE BUILDING	OO B-DUQUM REFINERY AND PETROCHEMICAL INDUSTRIES COMPANY	2025
42	SUPPLY & INSTALLATION OF 40 ACS IN MOL BUILDING HEAD QUARTER	MINISTRY OF HEALTH	2024
43	33KVA CABLE REROUTING , JOINTING, TESTING AND COMMISSIONING, NAMA KHASAB,	NAMA	2025

CIVIL DIVISION CONSTRUCTION & MAINTENANCE >

Civil Engineering Division

The division of Civil Engineering was established to provide fully integrated services, thereby empowering us to engage in all major construction sectors. We undertake design and build projects where the entire task of design and construction is handled by us, including a full range of MEP, HT, telecommunication, and ELV projects. We have a dedicated team to handle projects with skill and precision as it reduces the client's risks and overall costs, where the single point of accountability and their point of contact is us.

Our range of operations includes the construction of multi-storied commercial buildings, Warehouse Projects, Luxury Villas, and the Construction of Utility Structures. We have highly skilled manpower in multiple disciplines, along with an experienced team of Project Managers, Planning & Estimation, Design Engineers, Project Engineers, Site Engineers, Project Coordinators, Quantity Surveyors, and Surveyors. The timely backup support of our Procurement & Supply Division has generated a proven track record in terms of project execution and delivery. This has generated repetitive as well as new clients. Understanding the need of modernization in terms of state-of-the-art technology and market needs, the department has maintained and equipped itself consistently with the latest construction machinery.

Major Capabilities

- Construction of New Building
- Renovation/Refurbishment Works
- Construction Steel And Metal Of Sheds
- Stone Pitching & Gabion Box Works
- Swimming Pool
- Hard Scaping
- Earthworks
- Road Works
- Doors (Fabrication & Installation)
- Paint Works
- Flooring (All Types)

Construction of New Building

At PSI, our turnkey building construction services encompass every phase—from soil investigation and precision earthworks to masonry, concrete, and plastering (including antitermite treatments). We further safeguard structures with advanced waterproofing and epoxy coatings, ensuring your project's durability, safety, and lasting quality.

Construction Steel And Metal Of Sheds:

We design and construct steel and metal sheds—featuring Ibeam and Hbeam frameworks, rafter sheds, carport fabric canopies, prayer hall shelters, and playground coverings. Ideal for schools, commercial sites, residences, and mosques, our durable, weatherresistant structures combine engineered strength with tailored functionality.

Renovation / Refurbishment Works:

Our renovation and refurbishment services cover everything from careful demolition and disposal of existing walls and structures to the removal of windows, tempered glass doors, steel, wooden, and fire-rated doors. Backed by skilled technicians and responsible waste management, we ensure seamless upgrades that restore functionality.

Stone Pitching & Gabion Box Works:

At PSI, our stone pitching and gabion box works combine expert earthworks—cutting, filling, and meticulous bed preparation—with the supply and installation of durable gabion walls and mattresses. Harnessing the strength of natural stone encased in robust wire mesh, we deliver erosion control, slope stabilization, and long-lasting structure.

Swimming Pool:

We design and construct turnkey swimming pools—handling all civil, electrical, and MEP works with precision and care. From excavation and structural shell to plumbing, wiring, and finishing touches, our integrated approach ensures stunning, durable pools tailored to your vision.

Hard Scaping:

At PSI, our hardscaping expertise brings kerbstone, interlock pavers, natural stone tiles, white stone accents, and gravel installations to life. Combining meticulous site preparation with skilled craftsmanship, we create durable, visually striking landscapes that elevate curb appeal and stand the test of time.

CIVIL DIVISION CONSTRUCTION & MAINTENANCE >

Earthworks:
our civil earthworks seamlessly integrate cutting, filling, grading, leveling, and compaction to deliver impeccably prepared sites. Leveraging laserguided equipment, expert operators, and strict quality controls, we ensure optimal drainage, stability, and a rocksolid foundation for every project.

Road Works:

We specialize in the critical areas of maintenance of settled roads and construction of new roads, delivering focused expertise to ensure durable and safe infrastructure. We efficiently manages both the upkeep of existing road networks and the development of high-quality new roadways, adhering to strict standards.

Doors (Fabrication & Installation)

At PSI, we specialize in door fabrication and installation—custom-designing, manufacturing, and fitting steel, wooden, and fire-rated doors with precision. Our seamless process ensures perfect alignment, smooth operation, and enduring quality for secure, stylish entryways and windows.

Paint Works:

Our painting services cover everything from hotapplied thermoplastic and coldapplied coatings to epoxy, texture, and Texo painting. Utilizing premium materials and skilled applicators, we ensure vibrant, durable finishes that enhance aesthetics, protect surfaces, and stand up to the elements.

Flooring (All Types)

Our flooring solutions span homogeneous and heterogeneous tiles, high-performance rubber, and anti-static systems—perfectly suited for schools, gymnasiums, laboratories, and commercial facilities. We deliver precise installation, superior durability, and specialized finishes that meet safety standards and aesthetic goals.

Operations & Maintenance Expertise

Our company brings a strong foundation of excellence in Operations & Maintenance (O&M), driven by dedicated teams in MEP (Mechanical, Electrical, and Plumbing) and Civil Maintenance. With a proven track record, we deliver comprehensive maintenance solutions that ensure the continuous and efficient performance of facilities across a wide range of industries.

We specialize in the preventive, corrective, and predictive maintenance of building systems, infrastructure, and utilities, tailored to meet the highest standards of safety, reliability, and sustainability. Our MEP and Civil departments are composed of experienced engineers, technicians, and project managers who work in sync to minimize downtime and enhance asset life cycles.

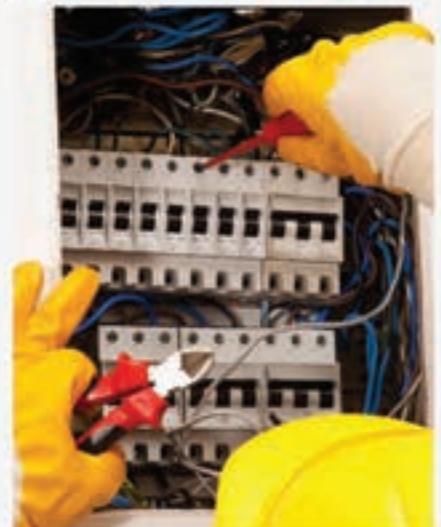

Major Clients and Projects:

We are proud to be the trusted O&M partner for several of Oman's leading government and private-sector organizations. Our ongoing Annual Maintenance Contracts (AMCs) span across various regions of Oman and cover diverse facility types, including commercial complexes, government buildings, Hospitals, industrial plants, and residential communities.

Major Capabilities

- HVAC system maintenance & troubleshooting
- Electrical system inspection, repair & upgrades
- Plumbing network upkeep & water management solutions
- Civil repair works, finishing, and structural maintenance
- 24/7 emergency response services
- CMMS-based monitoring and reporting
- Compliance with local and international standards

List of Completed / Ongoing Projects (AMCs)

ANNUAL MAINTENANCE CONTRACTS AND PROJECTS			
SR NO.	CONTRACT DETAIL	MINISTRY/ENTITY	COMPLETED YEAR
1.	3-YEARS OPERATION & MAINTENANCE SERVICES FOR EQUIPMENT AT ALL HOSPITALS & HEALTH CENTERS IN AL WUSTA GOVERNORATE (JAN2024-JAN2026)	MINISTRY OF HEALTH	on-going

12.	MAINTENANCE AND SERVICE OF GENSET FOR 1 YEAR	CIVIL SERVICES PENSION FUND	2023

FABRICATION & WORKSHOP >>

PSI Steel Aluminium Works

As part of our integrated service offerings, we operate fully equipped fabrication workshops that support our projects and clients with high-quality, custom-engineered metal works. Our workshops are strategically located and staffed with experienced fabricators, welders, and supervisors who adhere to strict quality and safety standards.

We specialize in the design, fabrication, and assembly of a wide range of steel and metal structures supporting industries such as oil & gas, construction, utilities, and manufacturing.

Core Capabilities:

Structural steel fabrication (beams, columns, frames), Skid-mounted units and support structures. Pipe racks and platforms, Custom tanks, vessels, and ducting, Equipment shelters and enclosures, Brackets, supports, and metal accessories, Welding (MIG, TIG, ARC), cutting, bending, grinding, and surface finishing.

Our fabrication works are carried out as per project-specific requirements and conform to relevant international standards and client specifications. We are committed to precision, durability, and timely delivery, whether it's a standalone fabrication order or part of a turnkey project.

Value-Added Services

- Site installation and erection support
- On-site fabrication and welding (where required)
- Painting, galvanizing, and corrosion protection
- Steel Fabrication
- Steel Ladders
- Aluminum Pergola
- Steel Gates
- Cast Aluminum (Doors & Windows)
- Parking Shades

TRADING DIVISION >>

Technical Trading Division

In addition to our Operations & Maintenance services, our Technical Trading Division plays a key role in supporting Oman's infrastructure and industrial sectors through the supply and trade of high-quality technical and industrial equipment.

We specialize in the sourcing and delivery of a wide range of engineering products and automation solutions, with a strong focus on Instrumentation, Controls, HVAC components, MEP materials, and Industrial Automation systems. Backed by strong partnerships with globally recognized manufacturers and suppliers, our trade department ensures timely availability of critical components that meet both local and international standards.

Our Core Offerings:

Instrumentation & Control Devices: Sensors, transmitters, control panels, valves, flow meters

Industrial Automation Systems: PLCs, SCADA systems, VFDs, industrial relays

HVAC & MEP Equipment: Air handling units, chillers, ducting accessories, pumps, motors

Electrical & Mechanical Components: Switchgear, cables, bearings, tools, piping

Custom Procurement Solutions: Project-based sourcing and logistics support

Trusted by Industry Leaders:

- Our technical trading team supports a wide spectrum of clients across oil & gas, utilities, construction, manufacturing, and government sectors. We are recognized for our ability to deliver the right product at the right time—ensuring smooth operations, minimal downtime, and full client satisfaction.
- With our deep technical knowledge, responsive service, and competitive pricing, we continue to build long-term partnerships and contribute to the growth of critical sectors across Oman.

Equipment Rental, Logistics & Transportation Services

We are a trusted provider in the field of equipment rental, logistics solutions, and transportation services. With a commitment to reliability, safety, and operational efficiency, we serve a broad spectrum of industries across Oman and the GCC region, including oil & gas, construction, infrastructure, and industrial sectors.

Equipment Rental Services:

Our equipment rental division offers a diverse fleet of high-performance machinery and heavy equipment to support a wide range of project needs. All equipment is maintained to the highest standards and operated by skilled professionals (where required), ensuring optimal performance and safety on site.

Available Equipment Includes:

Excavators, Wheel Loaders, Graders, Road Rollers, Boom Loaders, JCBs, Mobile and Crawler Cranes, Bobcats, Forklifts, Man Lifts, Hiab Trucks, 2XL / 3XL Tippers, Water Tankers, Diesel Tankers, Sewage Tankers, Vacuum Tankers, Trucks & Trailers (40ft, 60ft, Low Bed Trailers), Passenger Buses, Diesel Generators (DG Sets), Compressors, Tower Lights

Logistics & Specialized Transportation Services

Our logistics division delivers end-to-end transportation and material handling solutions across Oman and the GCC. With a fleet of approved prime movers, low bed trailers, multi-axle and hydraulic trailers, and a dedicated logistics team, we ensure safe and timely movement of goods, including Over-Dimensional Cargo (ODC).

Specialized Services Include:

Bulk Material Transportation, ODC (Over-Dimensional Cargo) Transportation, Stuffing & De-Stuffing Services, Warehousing & Storage Solutions, Manual and Machine-Based Loading & Offloading, Jacking and Skidding Operations

Clientele & Coverage:

We proudly serve major clients including PDO, BP, OXY, and other leading organizations across Oman and the GCC. Our operations are compliant with all relevant industry regulations, and our team is trained in executing high-risk logistical tasks with precision and care.

With our combination of technical expertise, modern equipment, and a customer-first approach, we stand ready to support projects of any scale with efficiency and professionalism.

POLICY

HSE Policy is signed by our General Manager and committed by Top Management throughout the implementation of the operational processes to ensure a safe and healthful workplace for all our employees. With the mission of focusing on employees occupational health and safety and commit to protecting the environment, PSI & officially announces our HSE policy as the following

1. To comply with legal requirements and any other requirements that relevant to occupational health and safety as well as environmental aspects.
2. To ensure occupational health and safety for employees and prevent occupational diseases that affect employees' health in the working process.
3. To protect the environment and the safety of the local community.
4. To promote awareness, participation, and consultancy of employees for HSE issues.
5. To provide an adequate resource to ensure operational performances along with all requirements and to maintain and continually improve the HSE management system in accordance with the standards ISO 14001:2015 and ISO 45001:2018.

Muhammad Shoaib Munir
General Manager

HSE MANAGEMENT SYSTEM

HSE Management System (HSEMS) complies with Oman's legislation and refers to the quality management process to incorporate into the HSE management approach. Utilizing this process allows the project to maintain a continual improvement cycle. These improvements are expected to be realized by the reduction of onsite risks in a systematic manner.
